Civil Engineer

Expanding my learning, knowledge and skills

## EDUCATION

### Bachelor of Engineering

CMR Institute of Technology, Bangalore

08/2016 - 08/2020

CGPA - 7.2

### Higher Secondary

Jamshedpur Co-Operative College, Jamshedpur

04/2014 - 04/2016

Percentage - 60%

### Secondary Schooling

J.G. High School, Vaishali

04/2001 - 04/2014

Percentage - 66.66%

## WORK EXPERIENCE

### Assistant System Engineer

Tata Consultancy Services

08/2020 - Present

Bangalore

## CERTIFICATES

Autodesk Revit Architecture

## PROJECTS

### Hydraulic Conductivity of enzyme modified Black Cotton Soil

- Black Cotton (BC) soil is found widely in many areas of north Karnataka such as. Due to the high swelling and shrinkage characteristics as well as low shear strength exhibited by this soil, it poses challenges to different construction activity. The work undertaken focused on improving/altering the swelling behaviour, compressibility and hydraulic conductivity of Black cotton soil.

### Study the boundary effect of enzyme modified Laterite Soil

- In order to improve the properties of Laterite soil, the soil is mixed with Terrazyme which is used to stabilize the soil. The effect of enzyme in terms of California Bearing Ratio (CBR) is studied.

### Trend Analysis and criteria air pollutants & selected locations of Bangalore city

- Bangalore is experiencing varying levels of pollution with certain areas having either high or critical levels of the pollutants analysed in this study. There is a reduction in the total SO<sub>2</sub> and NO<sub>x</sub> content and increase in PM content in many areas.

### Analysis of truss using Etabs

- Analysis of a simple truss frame is done using ETabs Software

### Finding angle of friction of cohesionless sand

- In this experiment we found out the cone of friction and determined the angles of friction for different soil samples.

### Designing a Resort using Revit

- In this project I created a Revit 3D model of a resort which consisted of interior design, parks design, swimming pools design and also the building design.

## INTERNSHIPS & SEMINARS

### Regalia Civils (01/2020 - 02/2020)

Learnt about REVIT concepts. Integrated and used BIM Modelling concept in REVIT. Created Resort Plans and Feasibility reports on various details.
